

## FRIPHONE (SWFP14B) Instruction Manual

**IMPORTANT: This product will not work unless you read and follow these directions.**

- 1. There is a safety switch that needs to be turned off before the stun gun will operate, so it is extremely important that you read these instructions thoroughly and become familiar with how this product works.**
- 2. There is a clear, protective coating covering the screen that may make the screen look hazy. This can be removed by peeling it up at any of the corners.**

### CHARGING THE BATTERIES

1. The rechargeable batteries are already installed. The unit cannot be opened, as this will void the warranty.
2. Before use the unit will need to be charged. Plug the small end of the charging cord (included) into the Charging Port located on the bottom of the unit, plug the larger end into a USB wall charger (not included), and plug the charger into a standard AC outlet.
3. While charging you will see a red led light on the bottom of the unit. This light will change from red to green when fully charged. Once the light is green, unplug the FRIPHONE.

**IMPORTANT: Do not charge for more than 8 hours at a time. Overcharging can damage the unit and will void the warranty. Under normal use the unit will need to be recharged for 8 hours every 60 days. If the LED Flashlight is used frequently or if the electrical charge produced by the stun gun becomes noticeably weaker, the unit will need to be recharged.**

### USING THE LED LIGHT

1. Slide the Safety/ Mode Switch located on the bottom of the unit one notch to the **left** (middle position) to turn off the safety.
2. Press and hold the LED Light Button (left side top button) to turn on the light. Release to turn off.
3. Slide the Safety Switch back to the right to turn the safety back on.

### USING THE ALARM

1. Slide the Safety/ Mode Switch located on the bottom of the unit one notch to the **left** (middle position) to turn off the safety.
2. Press and hold the Alarm Button (left side bottom button) to turn on the alarm. Release to turn off.
3. Slide the Safety Switch back to the far right to turn the safety back on.

## TESTING THE STUN GUN

**(WARNING:** Do not test fire the stun gun for more than 1 second as this will damage the unit and void the warranty.)

1. Slide the Safety/Mode Switch located on the bottom of the unit to the far left to turn off the safety. The red stun warning light on the top left side of the unit will illuminate.
2. Press the Stun Activation Button on the right side of the unit to test the stun gun. You will both see and hear an electrical charge fire across the top of the unit between the Contact Probes.
3. When test firing the unit, do not hold the button down for more than 1 second.
4. Slide the Safety Switch back to the far right to turn the safety back on.

## USING THE STUN GUN IN SELF DEFENSE

1. Slide the Safety/Mode Switch located on the bottom of the unit to the far left to turn off the safety. The stun warning light on the top left side of the unit will illuminate.
2. Touch your assailant's body with the contact probes on the top of the unit and press the Stun Activation Button.
3. Touching anywhere on the assailant's body will have an effect; however, the maximum effect is achieved in the areas show to the right:
4. When touching the assailant's body, you will not see or hear the electrical charge as you do when the unit is test fired. You can hold down the Stun Activation Button for more than 1 second, as this will not damage the unit as it will when being test fired.
5. You do not have to be concerned about the effects of the charge being transferred to you. Even if the assailant touches you while being stunned, you will not feel the effects of the charge.

## EFFECTS OF THE UNIT ON AN ASSAILANT

1. Touching an assailant for less than 1 second will cause minor muscle contractions and have a repelling effect.
2. Touching an assailant for 1 to 2 seconds will cause muscle spasms and a dazed mental state.
3. Touching an assailant for 3 to 5 seconds will cause loss of balance and muscle control, total mental confusion, and disorientation. All effects to the assailant are temporary; the stun gun can cause no permanent harm. (**NOTE:** *The device should not be used for longer than 5 seconds.*)

## WARRANTY

Cutting Edge Products, Inc. extends a lifetime warranty to the **SWSFP14** to cover defects in materials or workmanship, with the following exceptions:

1. The warranty does not cover damage resulting from accident, misuse or abuse, lack of reasonable care, moisture, the affixing of any attachment not provided with the product, loss of parts, or recharging the unit in any manner not in accordance with the above instructions.
2. The warranty will be voided if the unit has been opened or tampered with in any way (unless by an authorized dealer) or if any unauthorized replacement parts have been used.
3. The warranty does not apply to the charging cable.

## TO OBTAIN SERVICE

Contact the Authorized Dealer from whom you purchased this unit for a Return Merchandise Authorization (RMA). The return unit must be sent postage prepaid and proof of purchase is required. Damage or loss occurring during shipment is not covered by this warranty.

## NOTICE

Purchaser must check and abide by all local laws governing the possession and use of stun guns. In addition, the stun gun must only be used in a lawful manner for self-defense. **NOTE:** Not to be used on children, persons with heart disease, or any vital part of the human body. Not to be stored or used in environments where it is damp or humid or where there are extreme hot or cold temperatures. Do not use on metal objects.

## CONDITIONS OF SALE

Purchase of this product is an agreement by the purchaser/user to hold all sellers and manufacturers harmless of all liabilities and damages.
